

Data Presentation on IUPUI Enrollment Key Performance Indicators

Enrollment Management Advisory Council
February 17, 2016

Presented by:
Michele J. Hansen, Executive Director
Institutional Research and Decision Support (IRDS)

<http://irds.iupui.edu>

Purpose of Presentation

Enrollment Management key performance indicators presented in an effort to measure the quality of IUPUI's performance and assist in developing performance goals and strategies:

- Provide data update on all components of IUPUI's Enrollment Management Key Performance Indicators: Current Trends and Progress on Indicators
- Determine the conclusions which should be drawn from the data as a basis for subsequent action discussions

Key Performance Indicators and the Strategic Planning Process

- Reflect various components of the institution's strategic goals and are essentially what will be used to monitor the institution's progress and determine its success.
- The appropriateness of each measure is commonly determined by a committee and may depend largely on what data are already available.
- Goals and strategies articulate how the institution will achieve its vision and measures of performance will provide an indication of the progress the institution is making towards reaching those goals.
- KPIs measure the quality of an organization's performance and assist in developing performance goals and strategies.

– Adapted from adapted from Hanover University Press, 2010, www.hanoverresearch.com *Key Performance Indicators for Administrative Support Units*

Key Performance Indicators

Data elements that:

- Measure core inputs, outputs, and outcomes
- Reflect the institution's strategic plan and core business
- Measure high priority operations of the institution
- Measure institutional characteristics that are important and meaningful to stakeholders
- Measure institutional performance in areas in which it must be successful to survive and be competitive

Jeffrey A. Seybert, Ph.D., Director, National Higher Education Benchmarking Institute, Johnson County Community College, *Transforming Higher Education webinar series*.

Credits Awarded Through PLA

IUPUI - Indianapolis

Credits by Prior Learning Assessment

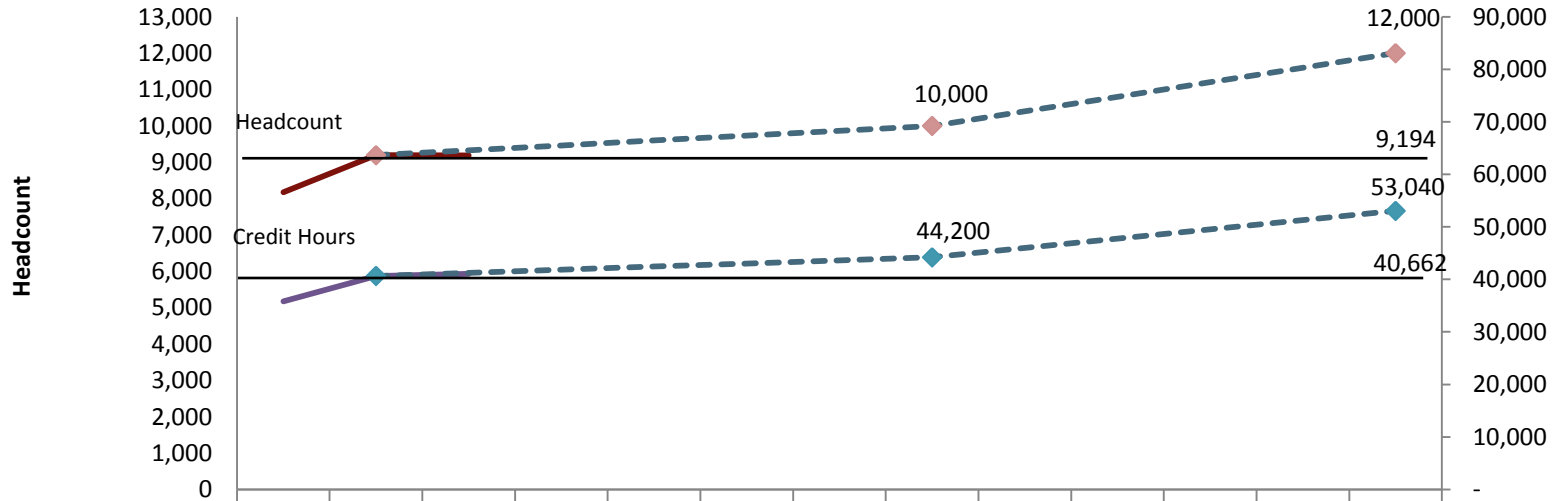

- Credit by Exam includes credits awarded via the following exams: Advance Placement (AP), International Baccalaureate Honors (IBH), International Baccalaureate Standard (IBS)
- IU Special Credit are course credits awarded by IU through a variety of means including: Test, Work, Life Experience, Other
- The sharp increase in IU Special Credits during AY 13-14 is due to 25 transfer students being awarded Life Experience Nursing credits

ICHE Performance Funding

- Degree completion
 - At-risk degree completion (Pell Eligible)
- High impact degree completion (STEM Fields)
- Persistence
- Remediation success (only 2-year)
- On-time graduation (What is the change in a school's two-year and four-year graduation rates for first-time, full-time students?)
- Institution selected measure

Student Performance Metrics

Indiana Resident Pell Recipients

IUPUI - Indianapolis Undergraduate Degrees Earned by Pell Recipient

* The “at-risk” degree completions is defined as pell recipients in the year of degree conferral.

Student Performance Metrics

High Impact Degrees (STEM)

IUPUI-Indianapolis STEM Degrees (Indiana Residents)

* Indiana resident students in negotiated list of high impact majors/degrees (UIRR) for performance funding.
At IUPUI this does not include degrees School of Medicine or Dentistry.

Proposed Aspirational Rates For Strategic Plan Indicators

	Current	2020	2025
One-Year Retention	75%	80%	85%
Four-Year Graduation	22%	25%	30%
Six-Year Graduation	47%	50%	55%

IUPUI Indianapolis (includes only bachelor's degree seeking only)

Four-Year Graduation Rates

First-time, Full-time Beginners

Four-Year Graduation Rate by Type	2007 - 2008	2008 - 2009	2009 - 2010	2010- 2011	2011- 2012
IUPUI* (includes all degree seeking—bachelor's, associate, certificates)	15.5%	18.3%	18.9%	19.0%	21.1%
IUPUI* (includes only bachelor's degree seeking)	15.1%	17.5%	19.0%	19.0%	21.1%
IUPUI Indianapolis (includes all degree seeking—bachelor's, associate, certificates)	16.4%	19.3%	20.1%	19.8%	22.3%
IUPUI Indianapolis (includes only bachelor's degree seeking)	16.0%	18.5%	20.2%	19.8%	22.2%
IUPUI Columbus - (includes all degree seeking—bachelor's, associate, certificates)	6.8%	5.1%	8.2%	12.2%	8.1%
IUPUI Columbus - (includes only bachelor's degree seeking)	7.1%	4.6%	8.3%	12.2%	8.2%
IUPUI Indianapolis (includes all degree seeking—bachelor's, associate, certificates) earned a degree at IUPUI Indianapolis	15.5%	18.1%	18.1%	18.4%	20.7%

What Does a 1% or 2% Increase in Retention Mean?

- Improving our one-year retention rate by 1% means that about 35 more students decide to return for a second year of courses.
- Improving our one-year retention rate by 2% means that about 70 more students decide to return for a second year of courses.

Understanding Progress on Retention and Graduation

- **Peer Comparisons**
- **Local and National Context and Trends**
- **Institutional Factors**
 - **Selectivity**
 - **Carnegie Classification and Type (public, private, 2-year, 4-y**
 - **Size**
 - **Residential and # Part-Time Students**
- **Student Characteristics**
 - **Academic Preparation**
 - **Course Enrollment (Full-time, 15 hour credit load)**
 - **Socioeconomic Class (unmet financial need)**
 - **Cognitive Motivational Variables**
 - **Institutional Commitment and Sense of Belonging**
 - **Family and Social Support**
- **What We Do**
 - **Academic and Social Support**
 - **Financial Aid and Support**
 - **Providing Engaging Pedagogies in the Classroom and Co-Curricular Activities**
 - **High Impact Practices and Degree Pathways**

Internal and External Changes Expected to Positively Affect Retention and Graduation Rates

IUPUI

- Changes in Admissions Criteria
- More Students Enrolled Full-Time and Taking 15 Hour Credit Load Per Semester
- Increases in Campus Housing
- Degree Maps
- High Impact Practices
- Strategic Enrollment Management
- Division of Undergraduate Education and University College (more coordinated approaches to academic support and academic/career advising that go beyond first year)

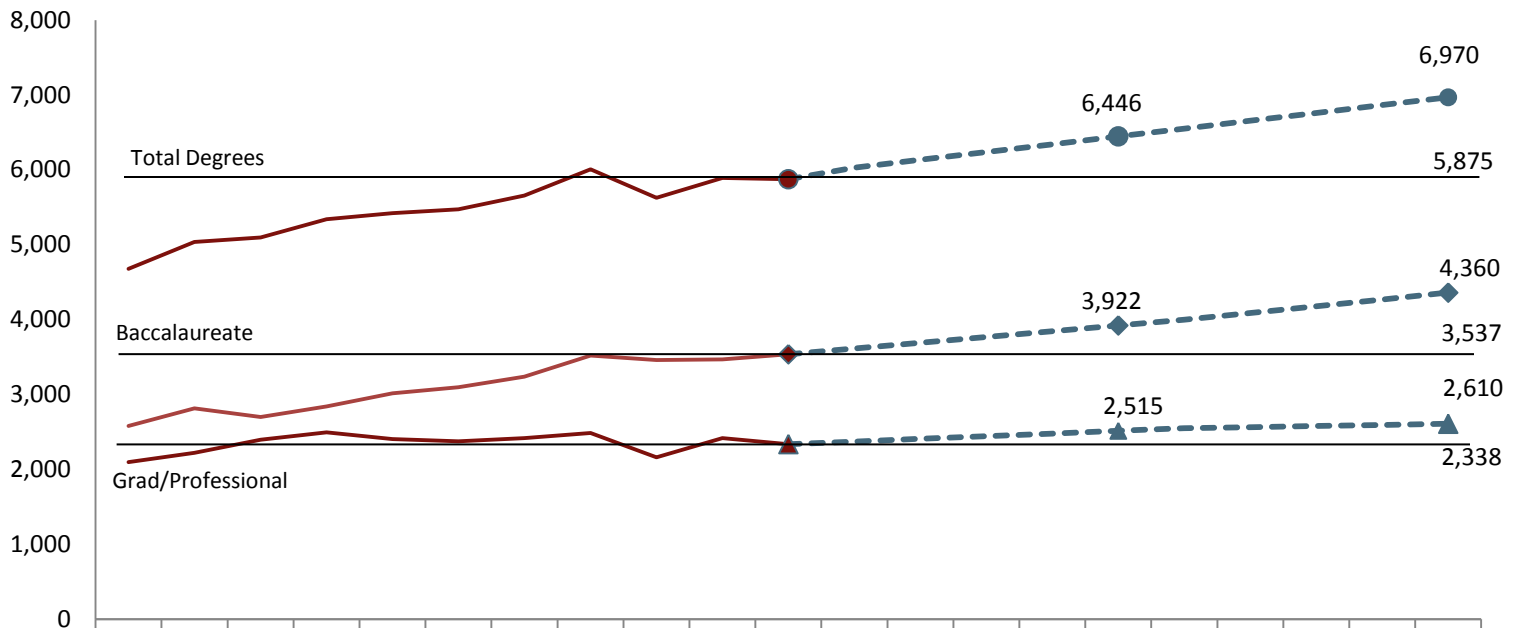

External

- Changes in High School Math Curriculum
- Increased Access to Dual Credit and AP courses

Loan Default Rate

3 Year Cohort Default Rate

The official default rates are now calculated on a 3-year average basis, which only goes back to the FY2010 cohort. (Prior to the FY2010 cohort, default rates were calculated on a 2-year basis and are not comparable with the current logic.)

Financial Aid Metrics

Average Net Price by Income

IUPUI - Indianapolis
Average Net Price by Income

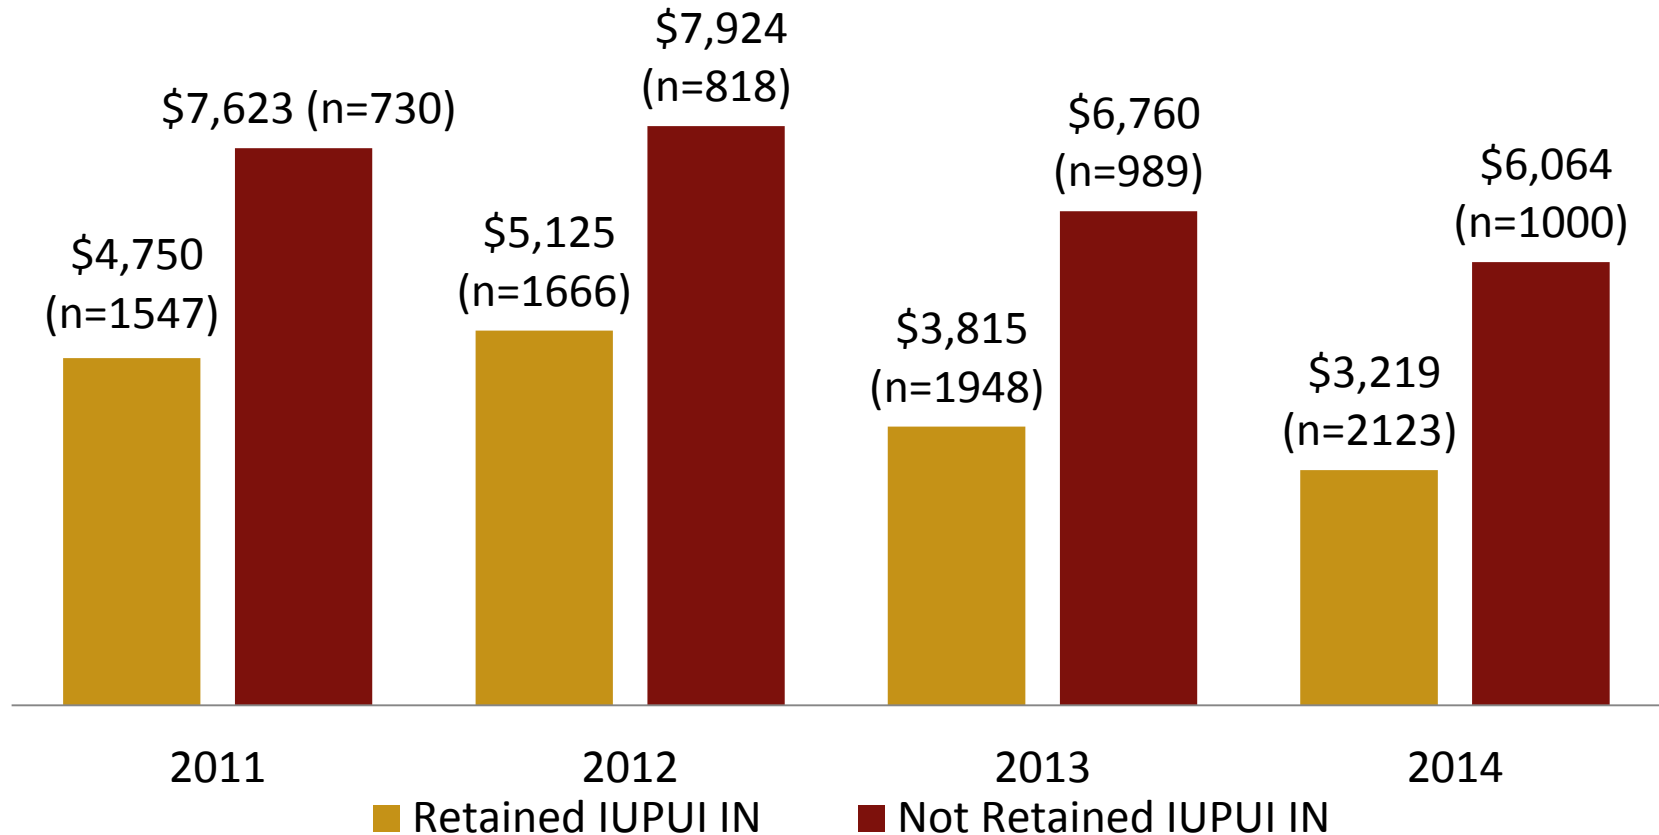

The IPEDS net price estimates the average out-of-pocket costs for first-year, full-time undergraduates awarded gift aid (excluding private gift aid). Room and board and other non-tuition expense estimates decreased in 2013-14 by using a more moderate cost estimate methodology. Since the average net price is the difference between estimated costs like room and board and the average IPEDS gift aid, the average net changed significantly beginning in 2013-14.

Unmet Financial Need

- The National Common Data Set provides a framework for determining the percentage of each student's academic year financial need that is "met" by gift aid (scholarships, fellowships, grants and fee remissions), subsidized federal student loans (loans that do not capitalize interest while students are in school), and federal work study earnings. Unmet need is the portion of a student's academic year financial need that exceeds these forms of financial aid. Students may choose to borrow unsubsidized federal or private loans to cover this "unmet" portion of their financial need. This takes financial need and subtracts need based aid until it reaches zero. This includes Stafford/Perkins subsidized loans, but not unsubsidized. This does not include parent loans or private loans. It does include military benefits.
