

Passport Report

**A Summary of Demographic Characteristics,
Enrollment Trends and First-Year Outcomes among Students
Who Have Attended both Ivy Tech-Central Indiana (ITCI) and IUPUI**

**Prepared by the IUPUI Office of
Institutional Research and Decision Support (IRDS)**

November 6, 2015

Summary of Report

In 1990, a Memorandum of Agreement was signed between Ivy Tech Central Indiana and IUPUI to create the joint funded Passport Program. Passport's mission is:

- To ensure general coordination between IUPUI and Ivy Tech Community College with regard to credit courses, non-credit courses, student services, needs assessment, and marketing in cooperation with the respective institutional officers.
- To monitor and help promote coordinated student services to facilitate student transfers, concurrent enrollment, and course credit transfer.
- To promote both institutions as distinct post-secondary institutions with differentiated missions which collaborate to meet the full range of community needs.

Some key findings within the report are presented below:

	Previous ITCI Students	Overall IUPUI Undergraduate Population
Total Number of Students Enrolled - Fall 2015	3,804	20,361
Enrollment Status		
Full-time	69%	78%
Part-time	31%	22%
Race/Ethnicity		
Total Minority	32%	25%
African American	17%	11%
Asian American	4%	4%
Hispanic	6%	6%
Native American	<1%	<1%
Native Hawaiian	<1%	<1%
Two or More Races	4%	4%
All Others	68%	75%
Gender		
Female	52%	56%
Male	48%	44%
Average Cumulative GPA as of Census – Fall 2015	2.91	3.00

Other findings within the report include:

- 502 new students from Ivy Tech-Central Indiana enrolled at IUPUI in the fall of 2015 – a decrease from 592 in fall 2014
- 79.5% of all transfer credits from Ivy Tech-Central Indiana were distributed
- 29.3% of all IUPUI bachelor degrees in Academic Year 2014-15 were awarded to Previous ITCI students
- 26% of the previous Ivy Tech-Central Indiana students attempted 15 or more credit hours in the fall of 2015
- The average Transfer GPA for previous Ivy Tech-Central Indiana students was 3.14

Throughout the report, “Previous ITCI students” are defined as students with any transfer credits from Ivy Tech-Central Indiana and are currently attending IUPUI as of this fall. The Overall IUPUI Undergraduate Population also includes students who are enrolled at both the Indianapolis and Columbus campuses.

In subsequent tables, historical data for 1994 will be provided for comparison purposes. Data for 2009 through 2014 was populated with information from prior Passport Reports. Recalculated data will be noted in each table.

An addendum to this report will be provided via email at a later date which will include information on deferred students.

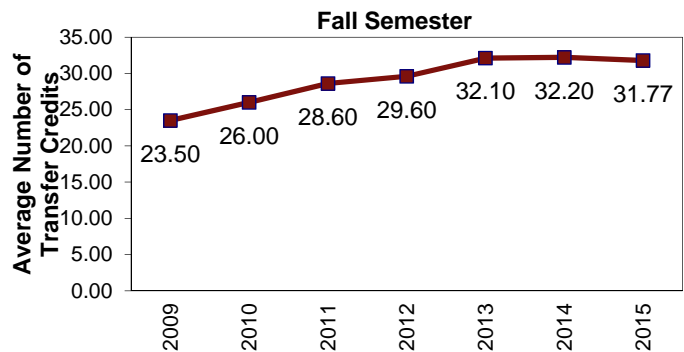

IUPUI Students Who Previously Enrolled at Ivy Tech-Central Indiana, Fall 2009-2015

There has been a slight decline in the number of transfer students in fall 2015 as opposed to previous years. In 2013 the decline was attributed to a change in the date of data collection; however, the same cannot be said fall 2015.

Fall Semester	Total Number of Students with Previous ITCI Credit	Average IUPUI Fall Semester Credit Hours	Total Number of ITCI Transfer Credits	Average Transfer Credits
1994	283	8.58	368*	1.30
2009	2,803	11.24	65,871*	23.50
2010	3,267	11.28	84,942*	26.00
2011	3,635	11.36	103,961*	28.60
2012	3,948	11.37	116,861*	29.60
2013	3,800	11.53	121,980*	32.10
2014	3,987	11.73	128,381*	32.20
2015	3,804	11.75	120,866	31.77

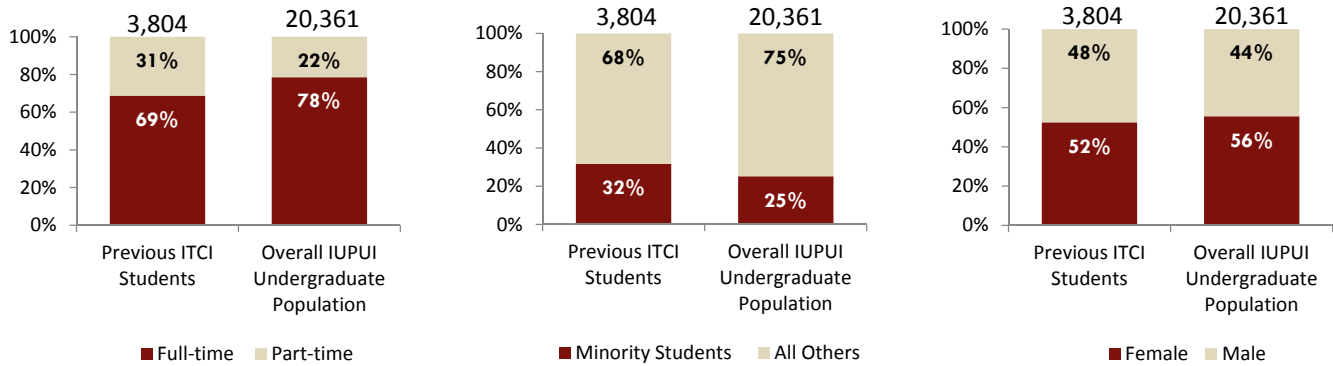

Note: Some transfers may have attended additional institutions or may have attended ITCI while enrolled at IUPUI. IUPUI Credits are defined as the number of credits a student attempted in the given fall semester at IUPUI. Average Transfer Credits are based on the number of credits transferred in from ITCI. IUPUI students enrolled at the Columbus campus only are excluded.

*: ITCI credits were not presented as totals in prior year's reports. Consequently, the Total Number of ITCI Transfer Credits are calculated as the Average Transfer Credits times the Total Number of Students with Previous ITCI Credit.

Enrollment Status and Demographic Profile of IUPUI Students Who Previously Attended Ivy Tech-Central Indiana, Fall 2015

Despite the 4.6% decrease in the number of transfer students, full-time to part-time ratios as well as the percentage of minority students remain unchanged from 2014. While the overall IUPUI Undergraduate population has a slightly higher female percentage, the ratio between male and female is almost even with previous ITCI students.

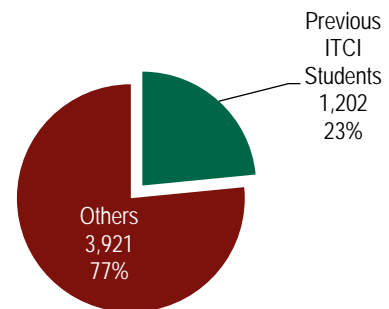

Note: Minority Students and Total Minority are comprised of students listed as African American, Asian American, Hispanic, Native American, Native Hawaiian, and Two or More Races.

While the previous Ivy Tech-Central Indiana students make up 19% of the overall undergraduate population, the total percentage of minorities who previously attended Ivy Tech is just below one quarter of the overall IUPUI minority population.

IVY Tech-Central Indiana's Enrollment Contribution to IUPUI's Overall Undergraduate Population, Fall 2015

IVY Tech-Central Indiana's Ethnic Diversity Contribution to IUPUI's Overall Undergraduate Population, Fall 2015

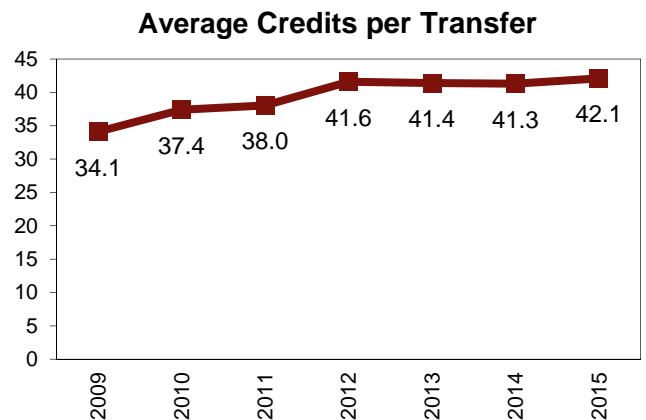

New Students from Ivy Tech-Central Indiana Transferring to IUPUI, Fall 2009-2015

The table below depicts the number of new transfer students entering in to IUPUI from Ivy Tech-Central Indiana. The number of new students has declined, although IUPUI’s overall number of undergraduates declined this year as well.

Fall Semester	Total Students	Number with Transfer Credits	Percent with Transfer Credits	Total Credits Transferred	Average Credits Transferred
1994	65	18	27.7%	153	8.5
2009	407	390	95.8%	13,484	34.1
2010	519	517	99.6%	19,414	37.4
2011	617	614	99.5%	23,475	38.0
2012	635	632	99.5%	26,447	41.6
2013	599	596	99.5%	24,818	41.4
2014	592	592	100.0%	24,445	41.3
2015	502	498	99.2%	21,127	42.1

Note: New students are identified by a cohort code of the current semester and by last institution attended. Includes all new students classified by IUPUI as transfers. Some transfers may have attended additional institutions. In addition, not all credit hours are submitted to IUPUI in a given year. Average Transfer Credits are based on the number of credits transferred in from ITCI. IUPUI students enrolled at the Columbus campus only are excluded.

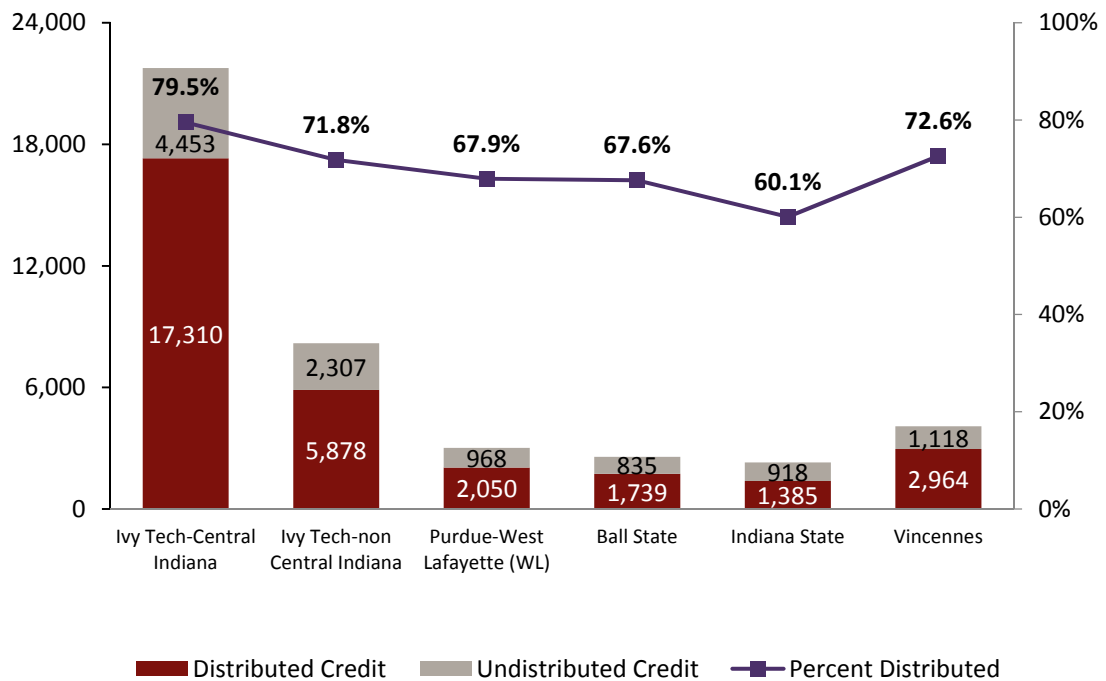

Decline in the total credits transferred is affected by the decline in the total transfer population; however, it is worth noting that the average number of credits transferred per student has increased. The current average is roughly equivalent to three or four semesters at Ivy Tech-Central Indiana, depending on the number of credits taken per semester.

Distributional Articulation of Accepted Transfer Credits from IUPUI's Top Feeder Institutions, Fall 2015

Ivy Tech-Central Indiana continues to be the largest feeder institution for IUPUI, surpassing the combined total of all other top feeder institutions, including other Ivy Tech locations. Ivy Tech-Central Indiana also has the largest percentage of distributed credits. It is also worth noting that some courses are undistributed because they are not offered at IUPUI.

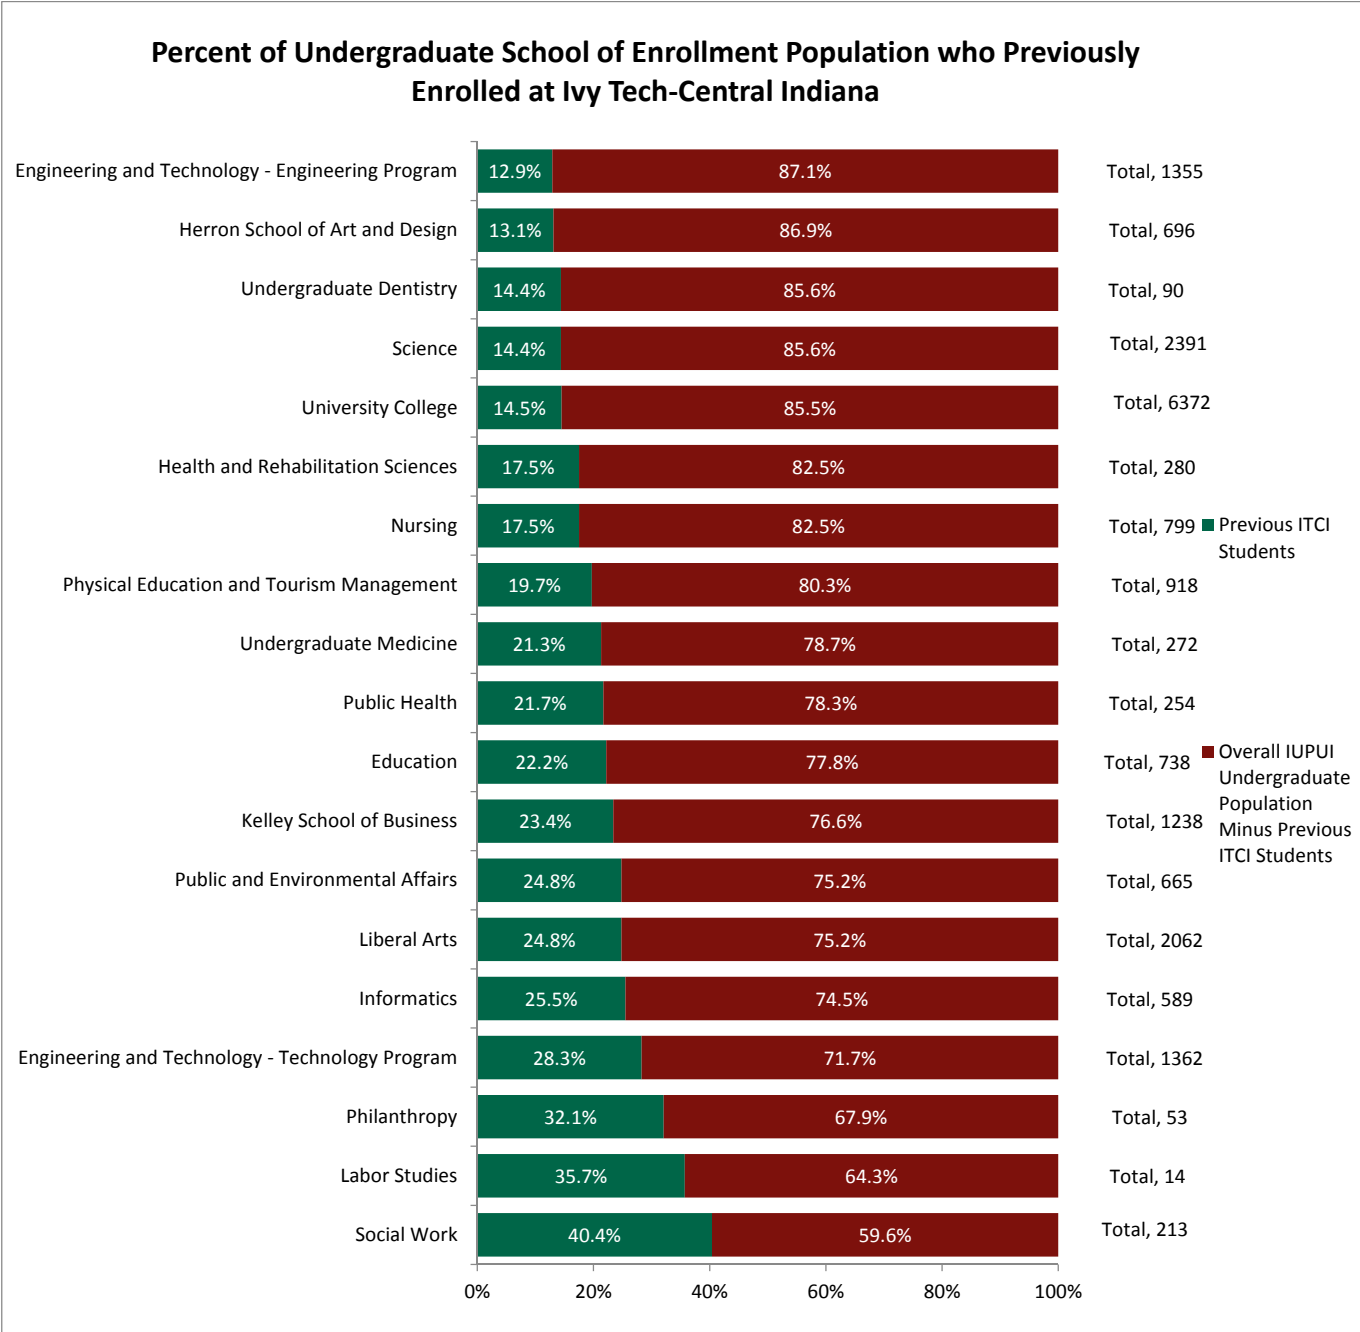

Distributional Articulation of Accepted Transfer Credits from IUPUI's Top Feeder Institutions, Fall 2015

Of the students who previously attended Ivy Tech-Central Indiana, only 1.7% completed their Statewide Transfer Gen Ed Core milestone at Ivy Tech. 6.3% completed the Statewide Transfer Gen Ed Core milestone at IUPUI and .1% completed it at IU Bloomington. 46.6% are currently working toward the Statewide Transfer Gen Ed Core milestone. The remaining 45.3% were in college before the implementation of the Statewide Transfer Gen Ed Core in the fall of 2013 and are therefore not required to complete it; however, some of these students may change to a curriculum requirements year in which the Statewide Transfer General Education Core is required.

Enrollment Status of Degree-Seeking IUPUI Undergraduate Students Who Previously Attended Ivy Tech-Central Indiana, Fall 2015

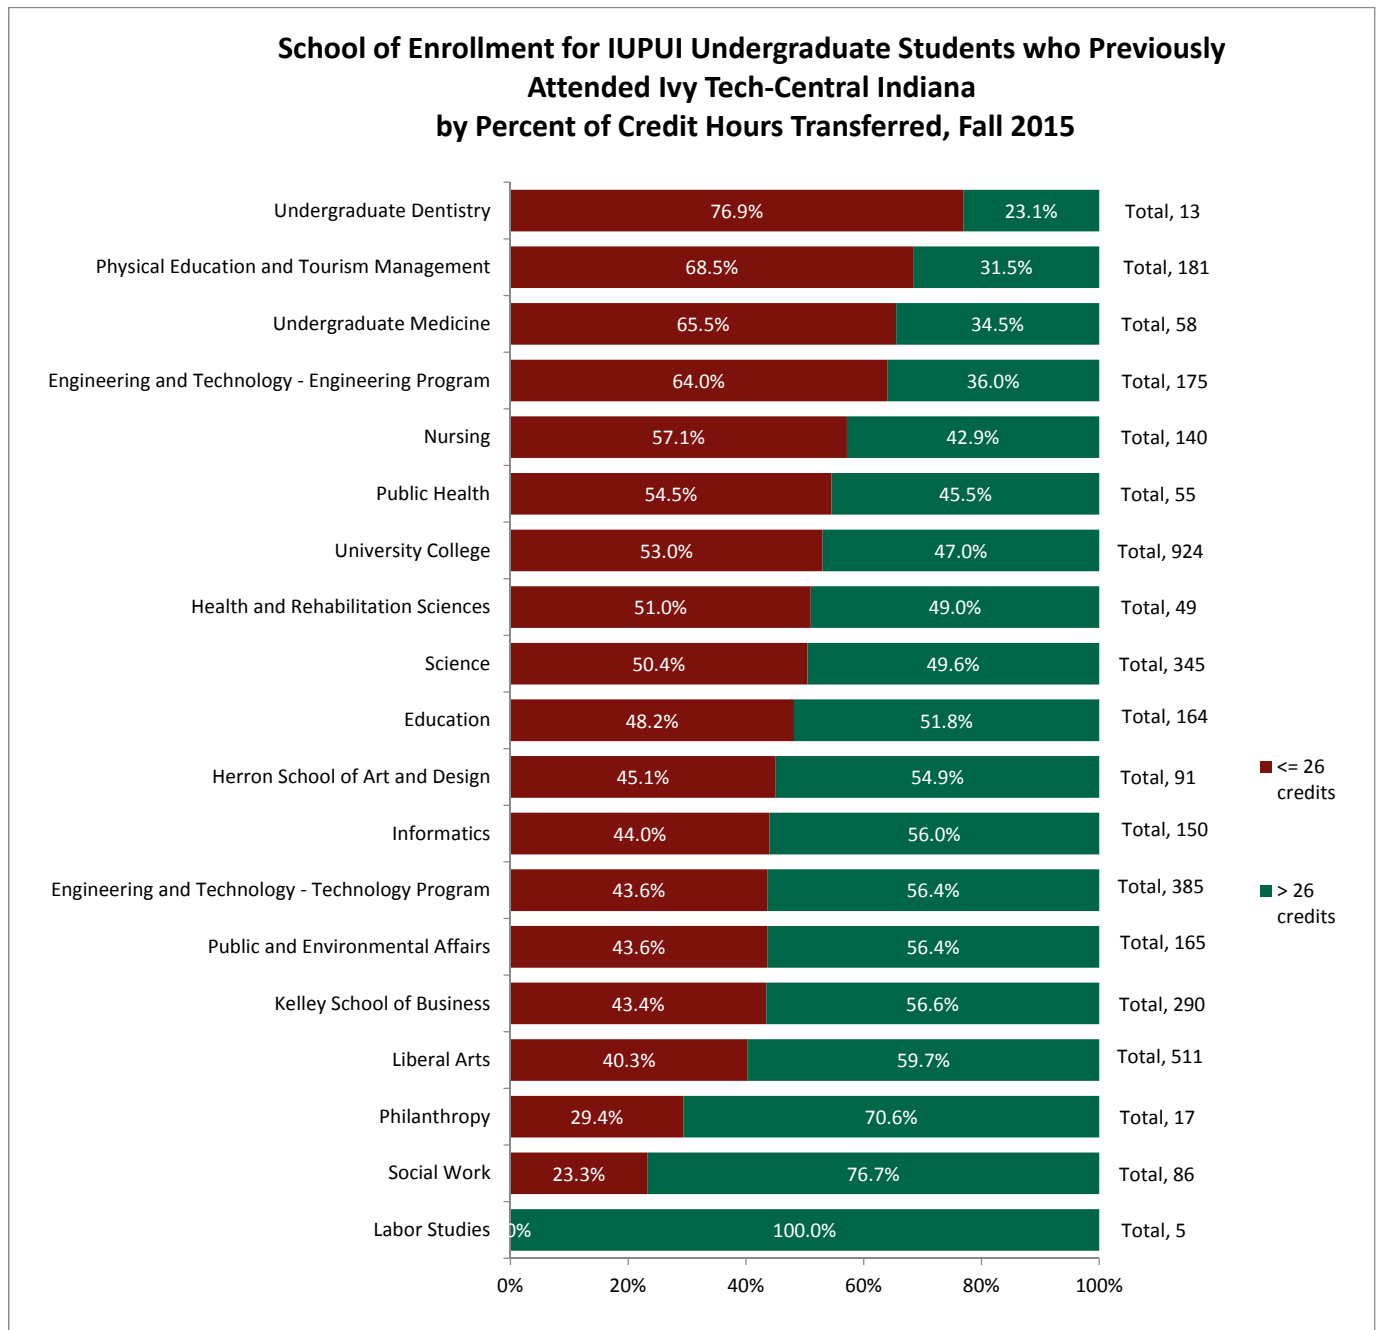

Undergraduates who previously enrolled at Ivy Tech-Central Indiana make up over 25% of the overall undergraduate populations within five of the nineteen schools listed (although technology and engineering belong in the same school, as do labor studies and social work, they are broken down for informational purposes within this study). Another six schools are made up of at least 20% of previous Ivy Tech-Central Indiana students.

Note: Although technology and engineering belong in the same school, as do labor studies and social work, they are broken down for informational purposes within this study.

School of Enrollment for IUPUI Undergraduate Students Who Previously Attended Ivy Tech-Central Indiana by Number of Credit Hours Transferred, Fall 2015

The chart below examines the percentage of students within each college that have approximately one academic year's worth of credit from Ivy Tech-Central Indiana (as delineated by 26 credit hours). Twelve of the nineteen schools listed have somewhat even percentages (i.e. within 40 to 60 percent split). Of the seven schools that have an uneven distribution, three of the schools have totals under 20.

Note: Although technology and engineering belong in the same school, as do labor studies and social work, they are broken down for informational purposes within this study.

Comparative Performance of New Transfers at IUPUI

Fall 2014 New Transfers with Freshman Class Standing

Although the average first semester and first year GPAs for Ivy Tech-Central Indiana students is fourth amongst the six listed institutions, the one year retention rate is the second highest. The low number of total students at non-Ivy Tech transfers institutions should be noted, which may lead to large skews in results.

Institution	Number of Students	Average First Sem. GPA	Average First Year GPA	One-Year Retention Rate
Ivy Tech-Central Indiana	53	2.57	2.34	69.8%
Ivy Tech-non Central Indiana	28	2.72	2.66	67.9%
Purdue-West Lafayette	9	3.28	2.91	88.9%
Ball State	6	1.78	1.84	33.3%
Indiana State	12	2.60	2.45	58.3%
Vincennes	4	2.03	1.67	50.0%
All Others	140	2.63	2.44	64.3%
All External Transfers	252	2.62	2.43	65.5%
All Other IUPUI Freshmen**	3427	2.84	2.83	72.8%

Note: Students are identified by their last institution attended.

**Results for all other IUPUI freshmen are provided for comparative purposes.

**Freshman status is based on beginning number of credits and first-time-in-college status.

Comparative Performance of New Transfers at IUPUI Fall 2014 New Transfers with Sophomore Class Standing

When looking at the new transfer students with sophomore class standing, the Ivy Tech-Central Indiana students are fourth among the six listed institutions in the categories of first semester GPA, first year GPA, and one-year retention rate.

Institution	Number of Students	Average First Sem. GPA	Average First Year GPA	One-Year Retention Rate
Ivy Tech-Central Indiana	237	2.66	2.62	75.9%
Ivy Tech-non Central Indiana	87	2.58	2.51	73.6%
Purdue-West Lafayette	33	3.25	3.07	93.9%
Ball State	31	2.96	2.91	83.9%
Indiana State	37	2.28	1.90	64.9%
Vincennes	19	2.27	2.22	63.2%
All Others	255	2.95	2.85	77.3%
All External Transfers	699	2.77	2.68	76.4%
All Other IUPUI Sophomores**	4735	2.84	2.91	80.7%

Note: Students are identified by their last institution attended.

**Results for all other IUPUI Sophomores are provided for comparative purposes.

**Sophomore status is based on beginning number of credits.

Comparative Performance of New Transfers at IUPUI

Fall 2014 New Transfers with Junior and Senior Class Standing

Among Junior and Senior transfer students, Ivy Tech-Central Indiana students rank fourth in first semester GPAs, third (tied with Ball State) in first year GPAs, and second in one-year retention rates.

Institution	Number of Students	Average First Sem. GPA	Average First Year GPA	One-Year Retention Rate
Ivy Tech-Central Indiana	227	2.95	2.89	77.5%
Ivy Tech-non Central Indiana	68	3.03	2.99	70.6%
Purdue-West Lafayette	31	3.00	2.68	83.9%
Ball State	23	2.93	2.89	69.6%
Indiana State	11	2.37	2.10	63.6%
Vincennes	48	3.05	2.91	77.1%
All Others	199	2.96	2.92	76.4%
All External Transfers	607	2.96	2.89	76.1%
All Other IUPUI Juniors and Seniors**	10278	3.04	3.03	87.2%

Note: Students are identified by their last institution attended.

**Results for all other Junior and Senior level undergraduates are provided for comparative purposes.

**Junior and Senior status is based on beginning number of credits.

Degrees and Certifications Earned in Academic Year 2014-2015 for IUPUI Undergraduate Students Who Previously Attended Ivy Tech-Central Indiana

In the fall 2014 through summer 2015 academic year (AY 2014-15), students who previously attended Ivy Tech-Central Indiana made up almost thirty percent of the total number of bachelor degrees conferred, and were responsible for just over one quarter of the associate degrees and undergraduate certificates conferred.

When comparing previous Ivy Tech-Central Indiana students to non-ITCI undergraduates, approximately 85% of the degrees conferred in both groups were baccalaureate degrees; however, the previous Ivy Tech-Central Indiana students were slightly more likely to have a bachelor's degree rather than an associate or certificate.

Percent of Undergraduate Degrees Conferred by Previous Ivy Tech-Central Indiana Attendance, Fall 2014-Summer 2015

Note: Excludes Columbus degrees. Totals are based on number of degrees conferred. As such, a student may earn more than one degree or more than one type of degree and therefore be represented more than once within the totals.
